

Instrument Sales

RF Test Solutions Ltd imports and distributes several thousand different measurement instruments from our international suppliers. Purchase many of the general-purpose instruments online via our e-commerce site www.rfts.co.nz

Low Frequency and Digital Instrumentation

Arbitrary Waveform Generators	Frequency Counters
Audio Signal Generators	Logic Analysers
Audio Analysers	Multimeters
DC Power Supplies	Mixed Signal Oscilloscopes
Data Acquisition Instruments	Oscilloscopes
Digital Multimeters	Pulse Generators
Function Generators	

RF and Microwave Instrumentation

Attenuators	RF Switches
Amplifiers	Signal Generators
EDA Software	Spectrum Analysers
EMC/EMI Compliance Tester	Vector Signal Generators
Land Mobile Radio Testers (LMR)	Vector Signal Analysers
Network Analysers	Wireless Protocol Testers
Power Meters	

Electrical Test Instrumentation

AC Load Testers	DC Load Testers
DC and AC Power Sources/Supplies	Ground Resistance Testers
AC Power Analysers	Insulation Testers
Battery Capacity Testers	Megohm Meters
Clamp Meters	Milliohm Meters

Physical, Mechanical and Environmental Testing

Air Quality Testers	pH Meters
Anemometers	Process Calibrators
Borescopes	Psychrometers
Data Acquisition Instruments	Refractometers
Electromagnetic Field Strength	Sound Level Meters
Gas Detectors	Stroboscopes
Humidity Meters	Tachometers
Infrared Thermometers	Temperature Measurement tools
Infrared Cameras	Torque Measurement
Light Meters	Viscosity Testers
Manometers	Water Quality Testers
Moisture Meters	

Telecom and Datacom Test Tools

ADSL Line Testers	Metallic Cable Fault Locators
Cable and Antenna Testers	Optical Spectrum Analyser
Cable Location/Avoidance Equipment	Optical TDR (OTDR) Testers
Cellular Network Optimisation Tools	POTS Line Testers
Cellular Phone Testers	Router and Switch Testers
Data Communications Analysers	SS7 Signalling Analysers
Ethernet Protocol Testers	Tone and Probe Test Sets
Fibre Optic Cable Testers	Triple Play Test Tools
LAN Cable Testers	Triple Play Test Tools
VOIP Test Tools	

Scientific and Materials Testing

Atomic Force Microscopes	Laser Positioning Systems
Conductivity Meters	Vibration Testers
Impedance Analysers	

Defence and Homeland Security

COMINT Products	Signal Surveillance instruments
Military Communications Testers	SIGINT Equipment
